

Columbia Pacific CCO

CAHPS® 5.0

Child Medicaid without Chronic Condition Summary Report

June 2018

Columbia Pacific CCO

CAHPS® 5.0 Child Medicaid without Chronic Condition

Summary Report

June 2018

Introduction. Results from fielding the CAHPS® 5.0 Survey for Columbia Pacific CCO (CPCCO) provide a comprehensive tool for assessing consumers' experiences with the Coordinated Care Organization (CCO). This report is designed to allow the CCO to look at summaries of members' experiences using two types of presentation. First, this executive summary presents a brief description of the survey methodology, a graphic presentation of key results for rating questions and composites, and a sample disposition. Second, member responses are presented by question, including information about the response options used for scoring achievements. Appendices at the end of the report include a copy of the questionnaire and member responses to custom questions.

Assessing consumers' experience in this report is accomplished with the use of achievement scores and composite scores. Member responses to survey questions are summarized as achievement scores. Responses indicating a positive experience are labeled as achievements, and an achievement score is computed equal to the proportion of responses qualifying as achievements. The lower the achievement score, the greater the need for the CCO to improve. Composite scores are built from achievements for groups of survey items that make up broad domains of members' experience: Getting Needed Care, Getting Care Quickly, How Well Doctors Communicate, Customer Service, and Shared Decision Making.

Results. This report summarizes the findings of the child Medicaid 5.0 CAHPS survey conducted for CPCCO. Attempts were made to survey 800 member households from a population not likely to have a child with a chronic condition. Member households were contacted by mail and telephone during the period January 9, 2018 through April 9, 2018, using a mixed-mode procedure and standard questionnaire with custom questions. The survey procedure and questionnaire were developed jointly by the Agency for Healthcare Research and Quality and the National Committee for Quality Assurance (NCQA).

The survey drew as potential respondents the parents or caretakers of children under the age of 18 who were continuously enrolled in CPCCO for at least 6 months as of November 30, 2017, with no more than one enrollment gap of 45 days or less. From this sample frame, a random sample of 800 cases was drawn from a population not likely to have a child with a chronic condition, based on claims or care encounters that met specific diagnostic or service criteria. The survey was offered in English and Spanish.

Questionnaires were considered complete if respondents did not answer "No" to Q1 and provided valid responses to at least three out of five key questions throughout the questionnaire, as per NCQA's completeness requirements. The questions required for completeness are Q3, Q15, Q27, Q31, and Q36. Complete interviews were obtained from 202 CPCCO members, and the response rate was 25.6%.

SUMMARY OF OVERALL RATING QUESTIONS

Four rating questions assess overall consumer satisfaction with health care, personal doctor, specialist seen most often, and health plan. Response options for overall rating questions range from 0 (worst) to 10 (best). In the table below, ratings of "8," "9," or "10" are considered achievements, and the achievement score is presented as the proportion of members whose response was an achievement. Alternate achievement scores are presented as hollow bars, showing only the response options "9" and "10" as achievements.

Note: Hollow portion of bar represents proportions giving a response of 9 or 10.

SUMMARY OF COMPOSITES

A composite score is calculated for each of five domains of member experience: Getting Needed Care, Getting Care Quickly, How Well Doctors Communicate, Customer Service, and Shared Decision Making. The composite scores provide a summary assessment of how the CCO performed across the domain. In the table below, proportions of positive responses are reported as achievement scores. A response of "Yes" is considered an achievement for the Shared Decision Making composite. For all other composites, responses of "Usually" or "Always" are considered achievements.

Sample Disposition

	CPCCO 2018
First mailing - sent	800
*First mailing - usable survey returned	79
Second mailing - sent	696
*Second mailing - usable survey returned	28
*Phone - usable surveys	95

Marks

- ▶ You are sometimes told to skip over some questions in the survey. When this happens you will see an arrow with a note that tells you what question to answer next, like this:

Yes → *Go to Question 1*
 No

↓ **START HERE** ↓

Please answer the questions for the child listed on the envelope. Please do not answer for any other children.

1. Our records show that your child is now in the Oregon Health Plan. Is that right?

Yes → *Go to Question 3*
 No

2. What is the name of your child's health plan? (Please print)

**YOUR CHILD'S HEALTH CARE
IN THE LAST 6 MONTHS**

These questions ask about your child's health care. Do not include care your child got when he or she stayed overnight in a hospital. Do not include the times your child went for dental care visits.

- 3. In the last 6 months, did your child have an illness, injury, or condition that needed care right away in a clinic, emergency room, or doctor's office?
 - Yes
 - No → *Go to Question 5*

- 4. In the last 6 months, when your child needed care right away, how often did your child get care as soon as he or she needed?
 - Never
 - Sometimes
 - Usually
 - Always

- 5. In the last 6 months, did you make any appointments for a check-up or routine care for your child at a doctor's office or clinic?
 - Yes
 - No → *Go to Question 7*

- 6. In the last 6 months, when you made an appointment for a check-up or routine care for your child at a doctor's office or clinic, how often did you get an appointment as soon as your child needed?
 - Never
 - Sometimes
 - Usually
 - Always

- 7. In the last 6 months, not counting the times your child went to an emergency room, how many times did he or she go to a doctor's office or clinic to get health care?
 - None → *Go to Question 15*
 - 1 time
 - 2
 - 3
 - 4
 - 5 to 9
 - 10 or more times

- 8. In the last 6 months, did you and your child's doctor or other health provider talk about specific things you could do to prevent illness in your child?
 - Yes
 - No

- 9. In the last 6 months, did you and your child's doctor or other health provider talk about starting or stopping a prescription medicine for your child?
 - Yes
 - No → *Go to Question 13*

- 10. Did you and a doctor or other health provider talk about the reasons you might want your child to take a medicine?
 - Yes
 - No

- 11. Did you and a doctor or other health provider talk about the reasons you might not want your child to take a medicine?
 - Yes
 - No

12. When you talked about your child starting or stopping a prescription medicine, did a doctor or other health provider ask you what you thought was best for your child?

- Yes
- No

13. Using any number from 0 to 10, where 0 is the worst health care possible and 10 is the best health care possible, what number would you use to rate all your child's health care in the last 6 months?
