

## Psychiatric Residential Beds: 2022 - 2024

Maximum operational capacity compared to goal capacity

\*Please note that Madrona Recovery's beds are being counted in both the psychiatric residential data as well as the substance use disorder residential data. This is duplicative and can cause the total number of youth residential beds to be inflated. The CFBH team is working to find a more accurate way to display this data in the future.

## Substance Use Disorder & Integrated Psych/SUD Residential: 2023 - 2024

Maximum operational capacity compared to highest possible capacity
